Golf Stat Tracker scan card

Name _____ Date _____ Course _____ Tees _____

After each shot, find where the ball finished and color in that shot's number there. Then write how far you have left in the box for that shot.
Use yards until you are on the green, then feet. When the ball goes in, color that shot's number in IN THE HOLE. Water and out of bounds add the penalty stroke for you.

Example on hole 1: drive into the left rough with 125 yards left, onto the green 20 feet away, putts to 6 feet and 1 foot, holed with shot 5.
